Job Posting - Family Place Cleaning

February 2024

We are seeking someone to provide cleaning services for the Family Place on a weekly basis. The cleaning could be done flexibly outside of the hours of daycare operation and other Family Place events. We expect the work to take an average of 10-12 hours per month and hope a candidate could start by March 1.

We have a very collaborative team, and we hope the person who joins us in this role would get to know the needs of the daycare providers and help to support our health and safety goals for the facility.

We can offer \$25/hour and MIECS will provide all necessary equipment and supplies.

If interested, please submit an email to miearlychildhood@gmail.com with a description of your past experience.
